<https://www.eurocanadian.ca/2018/10/jean-piaget-and-superior-psychogenetic-cognition-europeans-part2.html?temp-new-window-replacement=true> (Part II of above: I've said it before and I'll say it again, even if the thesis holds true about cognitive development, self-consciousness with its "Germanic Peak", etc., the fact of the matter is that today as we speak Whites compared to Blacks and compared to Yellows and compared to Browns

are faced as a matter of REALITY with (potential) extinction incl. because of relatively very low levels of Group-ethnological-and/or racial consciousness which the Chinese, the Indians, the Japanese, many or rather most or nearly all Asians, Arabs, Africans and Latinos still have in COPIOUS AMOUNTS... c. 1200 the Greeks-Romans-Hellenes of Eastern Rome were on average "more advanced cognitively" than the part-Mongol Turkic Central Asians. Who won though? Who conquered whom? The biological aspect of human existence is one aspect of human existence, but there are many other aspects which are social and (geo)political and natural (i.e. of non-human nature) inclusive of culture, ideology, religion, customs, laws, military might and or prowess, relations and interactions, time and place (geography), the Heterogony of Ends, etc., etc., etc.. Every historical situation requires concrete historical examination to determine what factors are (perhaps) more determinative than others - if a valid distinction between the various factors can be made in the first place. We can all agree because it is fact that Western Europe primarily "made the world" in the period c. 1500 - c. 1900/1950. The Americans continued "the job", and now "the whole thing" is "turning in on itself".

So **HowSmart** was That as an Overall Project? But leaving aside How Smart that was, what - in terms of absolute realism - can now be done about it? Because we are no longer talking about Mohammed Mohammed c. 1800 in Egypt or the Japanese c. 1900-1945 trying to "turn things around" and "back onto the West" through modernisation etc. - and failing and losing BIG-TIME, but we are talking about a whole planet heading towards a population of 10 billion which wants to Consume. And many non-Whites are not and will not be in a very good mood as this century

proceeds - particularly those with Historical Memories, and the Chinese and well as the Hindu, et al. do have Historical Memories, and in the case of the Ape as Anomie... there is no need for him to be anything other than what he is... SO, Good Luck with all of that. Unless Intelligence is applied to Survival, by c. 2100 it won't matter one iota who developed cognitively far more between c. 1300 and c. 1900. [[And as far as the standard Protestant-Jewish-Catholic-etc. refusal to acknowledge that the ancient Greek world continued - albeit very transformed - but still with significant elements of continuity - into the Roman-Greek world right up into the Industrial Era and even under Ottoman Occupation - that's something which inevitably goes with the results and repercussions of 1204 and your time to "shine" on the world stage. And that time, is NOW OVER!!! Now it's about Survival. "Shining" now... is a very entertaining movie.]]

<https://affirmativeright.blogspot.com/2018/10/shortpod-27-polarisation-and-hysteria-civ-decay.html?temp-new-window-replacement=true> ("POLARISATION AND HYSTERIA AS EXPRESSIONS OF CIVILISATIONAL DECAY" by Colin Liddell - this raises a number of interesting matters which listeners can reflect upon and write about. Regardless of what happens at the level of domestic politics, if over the coming decades Planetary Politics settle down into Blocs and or Spheres of Influence with Less Globalised Trade, Less Ape-Anomic Mass Migrations and more Regional Trade and Regional Production, then issues of racial and ethnological make-up of countries, nations, states etc. "will take care of themselves" - one way or another. In the meantime, people can write all they want about Race, Nationalism, Globalism, Patriotism, SJWs and "NAZIs" etc. but in the Real World of Real Politics (Realpolitik) what happens Between the (larger and more powerful) States is what is ultimately mostly determinative, even though Domestic Politics and Domestic Developments overall (e.g. the

centuries-long development of capitalism mostly in Northern Europe and the Industrial Revolution, or the Bolshevik Revolution (with its GROSSLY DISPROPORTIONATE Jewish elite-level involvement which thankfully Stalin (based on Leninist National Liberation (see *Theory of War* - Summary Notes when I produce them hopefully by mid-2019) eventually got around to "fixing" (in his very violent and cruel manner) - and of which Mao (in his very violent and cruel manner) took very careful notice...), can and do influence the course of Foreign Policy (and even other countries' domestic policy/politics) - incl. foreign powers stirring up trouble in other countries' domestic politics etc. - (and vice versa), because Human Affairs involve Mutual Interactions at many levels between many actors (collective and individual) with many different and varying (including GROSSLY DISPROPORTIONATE) Distributions of Power. Power - like Identity - are always Present, no matter what their Manifestations, as are Rationality-Meaning-Understanding-Ideology, Emotions, Co-operation, Conflict, the Friend-Foe spectrum, elements of Hierarchy, elements of Equality, Groups and Individuals, Values and Anti-Values, Culture, etc., etc., etc.. It's because people and groups of people cannot always agree about the Distributions of forms of Power-Identity that Conflict is - along with Co-operation - always Present, and Violence, incl. political violence and WAR, are always at least potentially present - LIKE IT OR NOT. In the event that the Great Powers don't "work it out" and in the event Borders are not Erected and or Reinforced and Defended, then whatever one writes, will mean nothing because either the world will "go up in nuclear/ atomic smoke" or the APE as ANOMIE will put an END to *any* kind of human civilisation. SO, it's up to Han Man and Hindu Man and Ape Man and ??? Man and (ZIO-)USA Man and Rus Man and Teuton Man and Nippon Man and ??? Man to "work it out". That's what it ultimately boils down to - the distribution of Power incl. resources and wealth on a world, planetary scale - and if they can't "work it out", BYE-BYE HUMANS - NICE KNOWING (some of) YOU!!! (I recommend that English-language readers study Hedley Bull very carefully, and then Mearsheimer, as a starting point, just to get the ball rolling... on serious thought. And don't EVER be fooled into thinking that just because relative and or substantive Peace and Co-operation Predominate (Dressed Up as they Must be in an Ideology or a kind of Idealism as is always Inevitable in any event) as the Particular Correlation of Forces at a Particular Historical Conjuncture (lasting even Decades or Longer) that Power and Identity are Absent. They are not. They are ALWAYS PRESENT in many different forms, manifestations and interrelations, mutual influence and interactions. And as far as politics is concerned, Politics is by definition Rhetoric and Ideology cum Emotions Mobilising (Inspiring - obviously optimistically) People to Seize and Maintain Power and Govern and Steer Things as Much as Possible in the Desired Direction. If you don't want to Do Politics, but Do Science, then you're going to have to use other sets of skills which rely far less (or not at all, if possible) on (passionate) Emotions and Rhetoric and Ideology (see Weber's

Historical Winners like Stalin and Mao - no matter how brutal and violent). And then more to the Centre, we have all sorts of "Civic Nationalists" and Leo Strauss-like Sophisticated, Nuanced, Urbane, Erudite and Very Urbane, Well-Dressed Cosmopolitans, and of course over to the Left there is no-one left because the Left is DEAD (it died with Che and Hò, and thereafter to the fore came the Western mass-democratic GROSSLY DISPROPORTIONATELY ZIO-Ideologues really deep down supporting ZIO-USA Imperialism, but for whatever idiotic polemical reasons are called "Cultural Marxists" when Marx was about Class War and Bourgeois Educational Ideals (see P.K.'s relevant articles in *The Political in the 20th century*), and not about Let's all be Poofers and Transexuals and Drug Addicts with Tattoos and Piercings Eating Fast Food and Consuming Junk and Let's all Genocide Ourselves as Whites out of Existence). Of course, instead of the now defunct (national-liberationist, ethno-centric but also internationalist in that every nation is to have its own nation, but also be friendly with other nations) Left, we have SATAN and its SATANIC CIRCUS MONKEY which wants to Globalise and Connect Everything into a femino-faggotised totally FUCKED-IN-THE-HEAD empty of whites pro-or-indifferent-to-white-genocide One World, and of course it "just happens" through PRIMITIVE SECRET SOCIETY networking going back up to hundreds (and hundreds) of years and without Causing Capitalism or The Industrial Revolutions or European and American Imperialisms and or Hegemonies etc. *as such and per se*, but by parasitically in Flea-Vulture-Cancerous fashion latching onto them through Banking, Finance, Trade, the Law, Medicine and Pharmaceuticals, the Mass Media, Mass Entertainment, Academia and Education as FULL-SPECTRUM-ZIO-LOBOTOMISED Indoctrination, Lobby Groups, Big Money Donations to Political Parties, - as the case may be

according to specific and concrete time and place - etc., etc., etc.,... that a Particular DISGUSTING, ULTRA-UGLY, DESPICABLE, VILE, FILTHY (subjectively seen as a matter of Taste) group of people at elite-level "just happens" through PRIMITIVE SECRET SOCIETY networking to GROSSLY DISPROPORTIONATELY have in their possession forms of elite-level Power and Influence and Wealth which are completely out of step with the percentage of the world population who are Jews, whilst ISRAEL as it "just happens" gets to have FULLY SHUT BORDERS and a kind of race-ethno-religiously based kind of "far-Rightish" state because that's OK for Israel, but it's NOT OK e.g. for Italy, Spain or GREECE (and before some fuckstick retard says, that it's Italy's, Spain's and Greece's fault because they have "agency" and actually by and large choose and want to be overrun by the APE, all these countries to varying degrees are under German Imperialistic Hegemony, which in turn is under (to some extent at least) (ZIO-)USA Imperialistic Hegemony, which in turn interweaves in many different ways with the US\$ and International Markets and International Usury - and guess who - Surprise, Surprise, Satan, Satan, Monkey, Monkey, Satanic Circus Money - is GROSSLY DISPROPORTIONATELY **as a matter of FACT** - which anyone can verify by doing online research - involved in those not insignificant HEGEMONIC SOCIAL and (inter)national PHENOMENA (whilst Israel gets to have FULLY SHUT BORDERS and not even a fly passes through)?). So, it seems to me that Mearsheimer is about right that "nationalism" is going to manifest itself ever more prominently as we continue in the 21st century because HAN MAN and HINDU MAN and OTHER MEN who are actually **MEN** and not pathetic Femino-Faggotised Butt-Holes are not going to take ZIO-USA Imperialism for much

longer (say for argument's sake for not more than another 100 years), and if the whole fucking thing does not BLOW UP, then the world will have to settle down into blocs and or spheres and or regions, and then it's up to all of you with your Political Programmes or Wishy-Washy "I don't know whether I'm doing politics, meta-politics or masturbation" to try and get People to follow you and to actually DO SOMETHING. But so far in the real world of trying to actually do stuff that in reality counts, all I see is that Trump or Salvini or Orban or ??? are doing or trying to do something, and may or may not partly succeed. GOOD LUCK to everyone, but Reality as the Full Set of international and national and local RELATIONS and the HETEROGONY OF ENDS over the long run, does not take notice of anyone, no matter how impressive their writing, verbalising and reasoning is or pretends to be. In the meantime, there are plenty of old movies and old songs to watch and to listen to, as well as some great Literature and Works of Theory - though everyone can of course choose to do and engage in whatever the fuck they like, if that's what they want and are capable of doing. But if young white people generally are not having families and babies with high levels of ethnological-race-cultural consciousness, by the time you "win them over" it will already be too late because the future mostly belongs to Asians (and Latinos) and Africans only by weight of numbers and not also taking into account that e.g. the Chinese are already starting to produce some of their own High (Advanced) Technology without Recourse to Western Minds - i.e. the future mostly belongs to Asians (and Latinos) and Africans, whether on the basis of Human Civilisation and or Ape-Anomie. So, I suppose your Fight over the long run is to see what aspects or facets of the

West can Survive in Europe and in America (Canada, Australia). My Tribe is DEAD, and I hold my Head HIGH, because my Tribe was *The Tribe of Tribes* and I shall always walk in *that* manner of knowing that *My Tribe was The Tribe of Tribes* (- for no other Tribe has Lived almost 800 years after its Death, having risen and consolidated its Power for more than 2500 years before Death, including all *our* Tribal Warriors, historically Second to NONE -) until I die. Amen and DEATH TO SATAN!]] [[Will future politics in "Western" nations be explicitly and primarily about Race, or about Law and Order, or about Communities, or about Separation/Segregation, or about two or three or all four of the aforementioned? Can a "new" Religion or an old Religion in new form become a significant player? Is Law and Order the best way to mobilise (at least a large chunk of) the masses you want to mobilise? (Because as far as most people are concerned, if you talk about the working class, or about Christ, or about Jews, or about Leni Riefanstahl, or about Bankers, or about Colour, or about Founding Fathers and History, et al. and etc., - or even about Law and Order in the case of a not inconsiderable number of people (so ZIO-LOBOTOMISED have they become!) -, they simply don't want to know). These and many other questions are what those who want to "change things" politically-socially have to think about and address. But more than thinking and addressing there is Doing. It's funny how that Mad Bald Bolshevik with a Lust for Power Second to None in the whole history of Mankind posed the Right Question at the Right Time and was able to Give some sort of Real World Practical Answer (albeit many years later) - with luck, coincidence and or skillful manoeuvring incl. as to geopolitical-war circumstances and as to Russian regime/state collapse,

general (political) unrest etc. being in or rather coming into play, and no matter how monstrously bloody his regime and those of his many varied, similar and or differing Followers all over the world were: *What is to be done? Burning Questions...* (of course what applied to Lenin applied and applies to that time and place and the lessons to be drawn for today,... might require some very creative thinking - to say the least - if such lessons can be drawn at all...)... In any case, if I were an operative of the State and Regime in Power, however, I'd be thinking about how to keep the "extremes" down on all sides (isn't that what all regimes do anyway, "extreme or not"?), even if it means finding ways to limit Freedoms whilst pretending not to be limiting them, and whilst having most people continuing on a kind of "I shop and consume Rubblish, I am ZIO-Lobotomised, a ZOMBIE, therefore I am" basis... and that's exactly what rapidly darkening Western mass democracies seem to be doing... like it or not... there comes a point when people either accept things and shut up or decide to play high stakes poker... but only if they ever get to sit at *that* Table... because those outside - i.e. **THE MEN AND FIERCE TRIBAL WARRIORS**... of the Han and or of the Hindu and or of the APE and or of the Rus and or of the ??? might just get in first... and then again, they might not... or they might just affect and effect things (in)directly... and things - if they don't go largely or FULLY APE-ANOMIE - will just Settle Down into Blocs, Spheres, Regions, (multi-ethnic or (lesser or greater/vast) majority ethnic) States,... and the One World Connectivity ZIO/SATANIC-Nonsense of the Fully Lobotomised ZIO/SATAN-Retard will slowly and strangely Die Off... we'll just have to wait and see... unless our personal fates (which are the same for everyone) are sealed as a matter both of biological

priority *and* biological reality... (and anything involving violence - from non-murderous crime to state repression to revolution and war - any kind and any form of war, is very bad (not that science *qua* science cares, but "sane humans" who cannot be *just* science (i.e. scientific observers of human (and or natural = nature's) affairs and or phenomena), do of course and will always care), in fact, (defined as obviously and only *physical*) violence in general is the definition of what culture and civilisation are supposed to minimise as much as possible... but if the fire of violence is lit, it can be very difficult to be put out... so things are not looking that good, not good no no no good.... not good at all...)]]

<https://www.counter-currents.com/2018/10/what-is-the-alternative-right-part-1/?temp-new-window-replacement=true> ("What is the Alternative Right?" by Greg Johnson - whilst this Site MOST DEFINITELY DOES NOT AND WILL NOT EVER support or otherwise promote any political movement, this article contains interesting historical background (which anyone can verify and or (try to) disprove by doing his own online and other research), in regard to a broad USA-based white-political movement emerging mostly from the 2000s. The question of to what extent there can be some sort of Western civilisational-cultural continuity with Whites a (potential) minority or eventually "genocided" in their historical Tribal Homelands is a VERY SERIOUS QUESTION, and any social-scientist worth his salt - unless he is working for the

Han or the Hindu or the Ape as ANOMIE or the ZIO-Jewish-ONE WORLD-SATANIST who advocates for the FULLY SHUT BORDERS of ISRAEL on the one hand, and yet on the other hand, for FULLY OPEN BORDERS for Greece, Italy and Spain, and other once 90% or 95%+ relatively white countries, etc., et al. - has a duty to investigate the question and the issues it raises if one is really interested in elements of Western civilisation continuing. Science is not afraid of any question or of any matter. Why is it again that ISRAEL has **FULLY SHUT BORDERS** AND A KIND OF "FAR-RIGHTISH" ALMOST RACIALLY-ETHNOLOGICALLY BASED STATE? WHAT IS THE REASON FOR THAT? AM I MISSING SOMETHING? WHO ARE **GROSSLY DISPROPORTIONATELY INVOLVED** AT ELITE-LEVEL INCL. AT BILLIONAIRE LEVEL IN PROMOTING "ONE WORLD" INSANITY? WHO WAS THAT AGAIN? WHO IS HAN MAN AND HINDU MAN AND ??? MAN AND APE MAN AND ??? MAN GOING TO HAVE TO DEAL WITH OVER THE COMING DECADES? WHO? WHO? WHO?) (+ Part 2 <https://www.counter-currents.com/2018/10/what-is-the-alternative-right-part-2/?temp-new-window-replacement=true>) (+ Part 3 <https://www.counter-currents.com/2018/10/what-is-the-alternative-right-part-3/?temp-new-window-replacement=true> - this Site has no interest in any "quarrel" between Dr. Johnson (sounds fun doesn't it? - particularly if you loved reading Samuel in your youth!) and Mr. Spencer (sounds very Anglo to me! Just like that Poet... and *The Faerie Queen* (by Spencer)). If you are interested in the matter, do your own research. An example of an article somewhat "pro-Spencer" is:

[window-replacement=true](#) ("CHRISTINE BLASEY FORD II: THE SPENCER DIVORCE" by Brett Stevens))

[https://www.counter-currents.com/2018/10/british-politics-today/?temp-new-window-](#)

[replacement=true](#) ("British Politics Today: Optimism, Pessimism, & Realism" by Michael Walker - this raises many issues re: political theory and political action/praxis. The only Definite Answers will be what things are actually like IN REALITY in 2030, 2040, 2050, etc., etc., etc.. In the meantime, those involved in politics - from the Establishment to the Outsiders, the Homines Novi and or the Desperados, and the other categories (in between), "will go about their business" in both propaganda (containing various and varying degrees of the description of empirical truth as reality) pitched at different levels, and action, taking place at different societal levels. Do you appeal to elites (which elites? And also "behind the scenes", if possible?), do you appeal to the masses, or do you appeal (incl. at times differently or variously) to both? And just like re: war, politics and success in politics has a lot to do with Clausewitz's Takt des Urteils/tact of judgement - some people "have it" (the small minority who "succeed" as a matter of Praxis) and others simply don't (the vast majority who "fail miserably"). In the case of war (and (always ultimately) violence), the "correct" movement of Troops and Arms; in the case of politics (either without and or with violence depending on the governmental form/regime in power, the historical epoch, etc.), the "correct" movement of the People (elites and or masses). In both cases, (kinds and forms of) BATTLE, conflict. Until the next BATTLE, conflict,... until the next...).

Obviously the less violence or no violence the better - and the comments here are not about "British politics today" - they are general comments about all of Western (and other) History, since ancient times... The other very interesting question/matter is whether and for how long Western governments can continue with multi-racial "multi-culturalism" (and "I shop and consume CRAP, I am ZIO-Zombified, therefore I am"), as well as with relatively high levels of "free speech" and "freedom of association", or whether they will become more and more and more heavy-handed, authoritarian, dictatorial,... Time will TELL!).

So, to put it another way - which is my way as a Crazy Literary Persona of putting it - once a people has had the FULL-SPECTRUM ZIO LOBOTOMY under ZIO-USA military and cultural imperialism, they are basically Finished, and next comes THE APE, and or Han Man and or Hindu Man (even though he floats too much) and or ???).

From P.K.'s point of view, "group intelligence" is not an issue - it is beyond his investigations into "the meaning of life", and P.K.'s thought focuses on those aspects of human social existence which are common to all humans, but that **does NOT** preclude the possibility of group-socio-biological differences as to IQ, jumping and or running ability, etc., re: different groups of humans. From P.K.'s oeuvre's point of view, because there is no "fixed in nature" meaning of life, the "ultimate decisions" (theoretically abstracted from the observation of reality and using one's brain

consistently logically), are aesthetic relating to forms of power and identity and meaning, etc., and all the spectrum of friend-foe polarity, which includes the ever existent potential for Violence up to War. No race - as far as nature is concerned - howsoever defined, howsoever intelligent on average, howsoever good at swimming or basketball on average, etc., etc., etc., has any "inherent right" whatsoever, either to live and or to dominate or otherwise (GROSSLY DISPROPORTIONATELY) influence etc. others. Humans in groups and as individuals decide by doing and struggling in all sorts of ways and at all sorts of levels and in all sorts of inter-relations and inter-actions, macro-historical and or present, between groups/individuals and or individuals/groups, with ALL VALUES relativised and all "group intentions" potentially affected in a manner not "originally" intended, by historically known reality.)

<https://affirmativeright.blogspot.com/2018/10/nazi-larping-in-meatspace.html?temp-new-window-replacement=true> ("NAZI LARPING IN MEATSPACE" - the fact of the matter is that those who are politically active in Western mass democracies in favour of saving at least some White Tradition-Identity-Continuity etc. are going to have to tactically and strategically decide what their position is going to be in relation to those whose elites wield GROSSLY DISPROPORTIONATE forms of Power, and whether they are going to insist on "going pure" or whether they are going to take a multi-racial incl. of Jews and Blacks et al. approach with a "Law and Order and Building communities against degenerate hedonistic atomisation whilst acknowledging the white (ancient Roman-Hellenic and Christian) basis of Western countries etc." emphasis. The position of the Scientific Observer is "no position", but by the same token, if a group or groups are seeking political power they are going to have to at least be 1) "flexibly and intelligently opportunistic, i.e. "Machiavellian"", and, 2) able to increase their own power by *successfully dealing with those who have power* (and the psychopaths who have GROSSLY DISPROPORTIONATE forms of power are more than capable of pushing things even up to World Nuclear Conflagration... we are talking about VERY - probably ABNORMALLY - SICK PEOPLE... (and if they push Han Man and or Rus Man and or Ape Man and or ??? Man too much, too hard, the GREAT BALLS OF FIRE which will eventuate is not exactly going to be pleasant)... this is not Luna Park territory.) One can understand fully why another would want to "go pure" - but how realistic is that course, when you assess the correlation of forces (incl. the mental state of the vast majority of white people etc.), and how those who are making, or seem to be making, some inroads, are proceeding? The Future - like it or not - will not be a Return to the demographic and cultural state of affairs of c. 1950 or c. 1960. That's simply not going to happen - just as all the "One World" FULL-SPECTRUM ZIO-LOBOTOMISED DIEVERSITY (BUT NOT FOR ISRAEL WITH ITS FULLY SEALED BORDERS) BULL CRAP is NEVER EVER EVER GOING TO HAPPEN... All that's going to happen is more and more and more "Fucked

Ape-Anomie World"... Personally - as an absolutely INSANE comic-satirical Literary Persona, I only see things are NOT GOOD. NO NO NO, NO GOOD. It's all *SPINNING OUT OF FUCKING CONTROL*... that's the VISION I see... <https://www.eurocanadian.ca/2018/10/immigrant-diversity-killed-canadian-history.html?temp-new-window-replacement=true> ("Immigrant Diversity Killed Canadian History" by Ricardo Duchesne - there are many strong points in this article BASED ON FACTS! Personally, I only take serious issue with the "cultural-Marxist" label. I say it's Western mass-democratic (and then for laughs, not for science, I throw in: GROSSLY DISPROPORTIONATELY "Zio-Lobotomised") ideology (and that Marx should be left alone), though the polemical usage of terms, concepts and phrases is par for the course, even when the writer has a much higher than usual standard of scholarship: cf. Mearsheimer's use of "liberal democracy".)

Now there's only PCR, Lance Welton, St. Sa., P. B., and not too many more!...)

<https://affirmativeright.blogspot.com/2018/10/big-tech-crash-threatens-to-wipe-out.html?temp-new-window-replacement=true> ("BIG TECH CRASH THREATENS TO WIPE OUT AMERICAN AND WORLD ECONOMIES" by Brett Stephens - there is a comment about population growth and economic growth, and from the point of view of the "the capitalists", and or "the Jews", and or "the Corporations" etc., there cannot ever be continuing profits etc. without population growth. P.K. refers to the matter - without going into detail - though he puts it in terms of it being likely that population growth correlates (in most cases) with economic growth, both today and historically.

This invariably means that if the West is going to save itself in part at least as something like the West, it needs the shut borders, but also gradual re-whitification, whereby white (and other, but not too many) couples are encouraged to and actually do have (many) children, so that economies can stabilise in terms of growth along with population, and with elites understanding the "Wall Street Days" are over, and now with a focus on matters of technology, security, national defence, relatively limited world trade, national food/water autarky, and less material wealth, but with more spiritual wealth, with Christian and Pagan Religion(s) being re-introduced and reinforced, Islam and Zionism/ZIO-Lobotomisation being (effectively or nearly) Banned, along with the patriarchal families with e.g. 2 to 8 children from which society will also be able to draw its menial labourers and soldiers/protectors, who are always going to be needed to some degree, no matter how advanced the technology. If political forces could pull that off (- as highly unlikely as it seems -), then something from the West might or even will be saved, going into the 22nd century.)

<https://www.amren.com/videos/2018/10/diversity-destroys-culture/?temp-new-window-replacement=true> ("Diversity Destroys Culture" by Jared Taylor - grosso modo, this video makes many valid points. From a scientific point of view, different terminology would be used re: the social formation we're in, re: "authenticity", the fact that very many relatively homogeneous societies have had much civil strife and civil wars throughout history, etc., and we would also add that scientific observation *qua* scientific observation could not care less whether no whites exist in 200 years or whether whites re-colonise and dominate the world again and or whether particular groups of people are slaughtered out of existence, etc., etc., etc.. The choice not to ever mention certain GROSSLY DISPROPORTIONATE accumulations/concentrations/crystal(lisation)s of group elite-level power is a tactical or strategic choice dividing the political into "Right" and "Left", and I can fully understand why it's done; scientifically though, it is inadequate - to say the least. Reality does contain social phenomena such as (Primitive) Secret Society Networking amongst elites from all kinds of groups, etc.. In any event, the "practical" issue is whether in politics things will get to a point where people will want far more relative racial homogeneity or not. Or will it be more of a case of wanting much more Law and Order? Or will we just become Jungles? Because the way what is left of the West is going, if it does not SHUT ALL BORDERS and concentrate on patriotism and localism cum High Technology, all that will happen is increasing Junglefication on the way to CHAOS. The Globalists - ZIO or not - are going to have to understand that Humanity in its real Diversity cannot survive on the Path they've chosen. China, Russia, India, and many other great or middle Powers will increasingly not agree on the carving up of the world's resources, and then *The SHIT* will really start *Hitting*

*the FAN*. In any event, for the purposes of "propaganda", the video is excellent from that side's point of view. Science is one thing; normative-political-ideological desires are another thing. So, this video is excellent from the point of view of it's purpose of "rallying the troops" for a particular side in the "Battle of Ideas". In the actual political arena though, in the sense of "politics" and not the political overall, it's Trump, Salvini, Orban, Kurz, Bolsonaro, et al..)

<https://www.eurocanadian.ca/2018/11/eurocanadians-must-affirm-their-cultural-collective-rights.html?temp-new-window-replacement=true> ("EuroCanadians Must Affirm Their Cultural-Collective Rights" by Ricardo Duchesne - ABSOLUTELY FACTUALLY SOUND AND COMMONSENSICAL STUFF!!! The fact that this plain good ol' Anglo Common Sense is deemed "Evil" shows how far in the ZIO-SHIT (my (the Satirical Literary Persona's) term, not the author's referred to here) Western societies have fallen - why does Israel have Fully SHUT borders again with a Jew-centric State and Cultural Orientation? What is the reason why? What was that? What did you say?)

THERE IS NOTHING GREATER, NO GREATER FEELING, NO GREATER SATISFACTION, NO GREATER CONTENTMENT IN LIFE THAN BELONGING TO YOUR TRIBE (HOWSOEVER DEFINED, WE ARE TALKING ABOUT GROUP IDENTITY WHICH CAN HAVE VARYING DEGREES OF RACIAL-CULTURAL-ETHNOLOGICAL-RELIGIOUS-IDEOLOGICAL HOMOGENEITY AS IT HAS HAD THROUGHOUT ALL OF HUMAN HISTORY),... AND KNOWING YOU ARE THE CONTINUATION OF YOUR ANCESTORS (WHETHER RACIAL AND OR CULTURAL-LINGUISTIC ETC.), INCLUSIVE OF ALL THE RUPTURES AS WELL AS THE MYTHS, BUT ALSO WITH THE ELEMENTS OF CONTINUITY. THIS IS WHY THE ZIO-SATANISTS AND OTHER SATANIC GLOBALISTS ARE SO EVIL AND THIS IS WHY THEY WILL EVENTUALLY LOSE. MY TRIBE MAY NOT MAKE IT (PERSONALLY I THINK IT'S ALREADY DEAD, BUT THAT'S ANOTHER MATTER), AND YET OTHER MEN WILL STAND UP FOR THEIR TRIBE, AND THEY WILL KILL THE SATANIC CIRCUS MONKEY, AND ITS EVIL BAND OF ZIO-SATANISTS WHO THINK THAT ONLY THE SATANIC CIRCUS MONKEY COMPOUND AND SATANIC CIRCUS MONKEY BUNKER OF TOTAL ZIO-HATE WITH ITS NON-STOP HATE-CRIMES, SHOULD BE THE ONLY RELATIVELY HOMOGENEOUS AND HOMOGENISING WHITISH ETHNO-STATE. WELL, FREE MEN EVERYWHERE SAY: "FUCK YOU, YOU EVIL ZIO-SATANISTS! - YOUR TIME WILL COME, SATANISTS. YOUR TIME WILL COME!" (AND I KNOW KIRK DOUGLAS IS A ???, BUT IF HE WERE APPROPRIATELY HELLENISED, I'D NEVER HAVE ANY PROBLEM WITH THAT, AS I DON'T WITH ROMAN THE MELODIST OR WITH NIKOS ENGONOPOULOS ET AL.).

[[N.B. THIS IS THE SATIRICAL LITERARY PERSONA TALKING, AND HE IS NOT EXACTLY GOING TO BE FAIR A LOT OF THE TIME (A BIT LIKE "NEWSPAPERS OF RECORD" LIKE *The N?? ???k T????* OR *T?? ?u????ian* - BUT NOT AS BAD AS THEM (!)), EVEN THOUGH THERE ARE ALWAYS AT LEAST SOME TRUTHS IN WHAT HE IS SAYING OVERALL.

- Ἀσφαλῶς, εἶναι ἀπολύτως ἀναγκαῖο τὰ γεγονότα νὰ τεκμαίρονται πάντα ὀρθῶς. Ὅπου ὑπᾶρχουν λάθη ἢ ἀνακρίβειαι ἀπὸ ὁποιονδήποτε πρέπει νὰ ἐντοπίζονται, νὰ ἀναγνωρίζονται καὶ νὰ διορθώνονται. Ὡς πρὸς τὰς «θεωρητικολογίας», καμμία ἀνάλυσις δύναται νὰ εἶναι ἀνάλυσις - καὶ ὄχι ἀπλῶς παρουσιάσις γεγονότων (περιπτωσιολογία) - ἂν δὲν ὑφίσταται «θεωρητικολογία», ἧτοι θεωρητικὴ ἀφαιρετικὴ ἐπεξεργασία τῆς ὅλης (γνωστῆς) ῥοῆς τῆς πραγματικότητος ἵνα μὴ κάποιαν τᾶξιν νοητικὴν - δὲ γίνεται ἀλλιῶς, καὶ ὅλοι οἱ σπουδαῖοι ἀναλυταί, ἐξηγηταί, ἐπιστήμονες,... τὸ κάμνουν αὐτό. Ὅπως ἔχει ἐξηγήσει ὁ Χαλκοκονδύλης ὁ Νεώτερος, μία θεωρία, ἣτις κινεῖται ἐπιστημονικῶς, πρέπει νὰ ἐξηγεῖ κοινωνικὰ φαινόμενα λογικῶς συνεπῶς καὶ μὲ ἓναν συνθετικὸν τρόπον, ὅς λαμβάνει ὑπ' ὄψιν ὅλα τὰ γεγονότα, καὶ ὅλας τὰς πιθανὰς πτυχὰς γεγονότων καὶ τῶν συναφειῶν των, ἀναλόγως τῶν ἱκανοτήτων τοῦ ἀναλυτοῦ. Ἄν π.χ. ὁ Πρέσβης μίας συγκεκριμένης Μεγάλης Δυνάμεως παρεμβαίνει «ὑπὲρ τοῦ ἑλληνισμοῦ» ἢ οὐ, δὲν ἀποκλείεται ΠΟΤΕΣ ὅτι αὔριο, μεθαὔριο, ἢ παραμεθαὔριο, καὶ ἀμέσως τῶρα ταυτοχρόνως, θὰ κάμνη/κάμνει τὸ ἀπολύτως ἀντίθετο, ἂν ἔτσι βλέπει τὰ πράγματα ἢ χῶρα του. Ἐν πάσῃ περιπτώσει, ἡ ἀπλῆ παρουσιάσις γεγονότων, κακὸ δὲν εἶναι, μάλιστα εἶναι κάτι τὶς ἀπολύτως ἀναγκαῖο, ἀλλὰ ἡ ἱκανότης νὰ ἐξηγηθοῦν διὰ ἐπιστημονικῆς θεωρήσεως (δὴ θεωρίας μὲ τὴν χαλκοκονδύλειαν ἔννοιαν τῆς λέξεως - ἐξηγώντας σχέσεις ἰσχύος καὶ φωτίζοντας ὀλότητας...) εἶναι προφανῶς «ἄλλοινοῦ παπᾶ καὶ ἐπιπέδου» εὐαγγέλιο - διότι πολλάκις μὲ τὴν μονόπλευρην παρουσιάσιν γεγονότων κάμνουμεν ΠΡΟΠΑΓΑΝΔΑ π.χ. ὑπὲρ ΗΠΑ ἢ
